**Storage:** Non flammable, store upright in the original container in cool, dry conditions between 5°C and 30 °C. Protect from frost and do not freeze.

**Spillages:** Clean spillages promptly. Non-hardened materials may be removed from surfaces or tools with water.

## Description

If you have woodgrain effect uPVC doors, windows and/or conservatories then you need MEGASHINE WOOD STYLE uPVC SOLVENT CLEANER. Other cleaners can leave unsightly white residue marks or damage the film, but not our product. This specially formulated cleaner is non-abrasive, mild and organic causing it to be safe on all foil wrapped uPVC products. It is ideal for the safe and effective removal of uncured PU foam, uncured silicone, label/foil protection adhesive deposits, wax, pen, wet bitumen products, sealing compounds and general dust, dirt, grime and debris.

## Directions for use:

### Application:

- Shake well before use.
- Apply using a clean, dry, non-staining, soft cloth.
- Apply Woodgrain UPVC Cleaner to the surface then rub clean.
- For very soiled, engrained or stubborn deposits a further application may be required, perhaps applying slight pressure
- If this cleaner is being used to prepare areas prior to the application of a sealant or adhesive ensure that all residue is removed, as this could hinder adhesion.

## Disposal of Containers:

- Do not leave empty containers where residue could be harmful to children, animals or the environment.
- Replace lids and remove any containers to a central disposal point in accordance with local regulations.

# Wood Grain UPVC Cleaner Information Sheet

## Important Information

SkilledBuild is committed to development and supply of quality products and may substitute or change product branding or specification or technical data without notice. Always check for latest information.

All information provided is based on practical tests & published data and is intended to guide a competent DIY user or contractor in the typical use of products for minor works but is without guarantee. If a failure of the works will be costly to repair or hazardous then design & execution must be undertaken by competent persons. Further advice should be sought from a suitably qualified advisor. Skilled Build may be able to answer simple product enquiries.

Since application and working and user competence is beyond our control, no liability of the supplier can be derived from the contents of information sheets or other general information provided. Any statements made beyond the contents of SkilledBuild's website or product labels must be confirmed in writing by the supplier.

## Health and Safety:

- Product presents a low hazard in correct use.
- Avoid eye contact. In the event of contact irrigate eyes immediately with plenty of cold, clean water for 15 minutes and seek medical attention.
- Do not ingest. In the event of ingestion, do not induce vomiting, drink plenty of water and seek medical attention.
- Thoroughly wash hands with soap and water or a proprietary hand cleaner after use.
- Keep out of reach of children.
- Some people are more sensitive to chemical products than others. If irritation occurs discontinue use.
- See separate material safety data sheet for more in depth information.
